

PTSC Meeting February 11, 2019

Call to order 6:10pm

Approval of previous minutes-Done

1. Brochures Updates- Attaching holders, printing, campground host supply-  
-creating a more permanent sign/kiosk panel as the paper ones may not be sustainable.  
-Pets on leash may not need to be on this courtesy sign as it is a regulation that will need to be signed elsewhere with official regulation. Could put in info about pickup after pets. Maps with the Trail Safety Information embedded in it. Blow up and laminate the brochure to put into Kiosks.

Embed all info in the Kiosk panel eventually. Look into the following:

-Metal signs containing the info from the pamphlet to post at locations without Kiosks-keeping acknowledgments.

-Temporary blowup of brochure and laminate to post in Kiosks until more permanent Kiosk panels can be designed. Keeping acknowledgements.

-PMBA is concentrating on reiterating trail courtesy with its members -Brooke

-NICA schedule for rides to avoid conflicts with other users-Brooke

Website- <http://ptsc.innerwebz.com>

Please review website for content.
